## Recycling Committee lives another month

A grant for \$2,000 from the town will allow the Richmond Hill Recycling Committee to pick up newspapers on garbage day through March and into April.

Chairman of the recycling committee, Mike Wheeler, said now he has applied to the province for \$5,000 to maintain the operation for another period. He hopes some day the program will be self-

sufficient. Mr. Wheeler said he feels the recycling program in Richmond Hill has a double value — recycling of waste materials as well as the employment of han-

dicapped adults in a work situation. At this time two of the men working on the door-to-door newspaper pick-up are from Daybreak, a residence for handicapped adults in Rich-

mond Hill. Mr. Wheeler said he would like to see members of the community get more involved in the project, both as volunteer workers, and reporting

"piracy", which is still a problem. Trucks other than the recycling committee truck are picking up bundles of newspapers put out by residents each week.

It is illegal to pick up these bundles, because as soon as the newspapers are set out, they immediately become the property of the town — making it theft if they are removed.

## Easter Seals campaign sets goal at \$5,000

The Easter Seals campaign in Richmond Hill was officially launched at a Lions club dinner recently.

At that time, the Lions introduced Richmond Hill's 'Timmy', Jimmy Smerciak of North Taylor Mills Road.

The campaign is now in full swing with this year's goal for Richmond Hill set at \$5,000, which is \$600 more than the total raised last year.

Included in the total for last year was the money raised by the McDonald's Restaurant's McHappy Days.

Last fall, McHappy Days netted \$1,900 for the 1979 Easter Seals campaign, and that will be added to whatever is raised in this Easter Seals campaign.

Letters with the Easter Seals will be arriving at each home in the Rich-

mond Hill area within the next week or so, and this year's campaign chairman, Lion Ray Crowther is optimistic about the generosity of the area residents.

The Lions are always ready to assist the families of crippled children in the Richmond Hill area and in the past months, they have purchased a new wheelchair for our 'Timmy' because his old one was beyond repair.

Another young boy, 12-year-old Gerald Walmsley, who also suffers from Muscular Dystrophy, now has an electric bed thanks to the Lions and the money raised in the Easter Seals campaign.

These purchases were made with Easter Seals donations, but the Lions have funds of their own that can and will be used

to assist any needy child or the families of needy children.

Karen Walmsley, Gerald's mother, is so pleased by the help they got from the Lions she wants everyone to know about it, but she is also willing to listen to anyone who has a handicapped child.

Sometimes just a sympathetic listener can make all the difference when trying to cope with the many problems and expense of caring for the handicapped.

Lion Jim Sanders says, "It is expensive to be handicapped. It costs more for everything and it isn't easy on the families unless they can get some assistance from someone who cares."

Mr. Sanders also feels that people like Karen Walmsley can be a tremendous help to others facing similar problems.

The board of directors and staff of Family and Children's Services of York Region (operated by the Children's Aid Society of the Regional Municipality of York) invite you to attend the annual meeting on Wednesday, March 14th, 1979 at 7:30 p.m. at the York Manor Auditorium (north west corners of Yonge St. and Eagle St. Newmarket, Ontario.) The bylaws of the society will be considered at this meeting.
