

# 'TOTAL SERVICE' TO MAKE YOUR TIRE AND CAR DOLLARS GO FARTHER

## Tune-Up

**Total Service including Parts ★  
including Engine Analysis**

A properly tuned engine provides better performance and gets better gas mileage. Our experts use modern electronic equipment to ensure your car runs at its peak. Here's what we do:

**\*We Supply and Install: New Turbo-Fire Spark Plugs; New Rotor; New Points and Condenser** (points & condenser not required on Electronic Ignition).

**We Test or Check:** Compression of each cylinder; Battery; All ignition circuits; Ignition coil output; High-tension leads; Starter and circuitry; Alternator output; Voltage regulator; Distributor cap; Rotor gap voltage; Ballast resistor; Pick-up/reluctor gap; Heat riser valve; Manifold vacuum; Exhaust emission system; PCV valve; Air and fuel filters; All hoses and belts.

**We Adjust:** Timing; Carburetor; Carburetor linkage and Dwell Angle.

**We clean** and inspect the battery terminals.

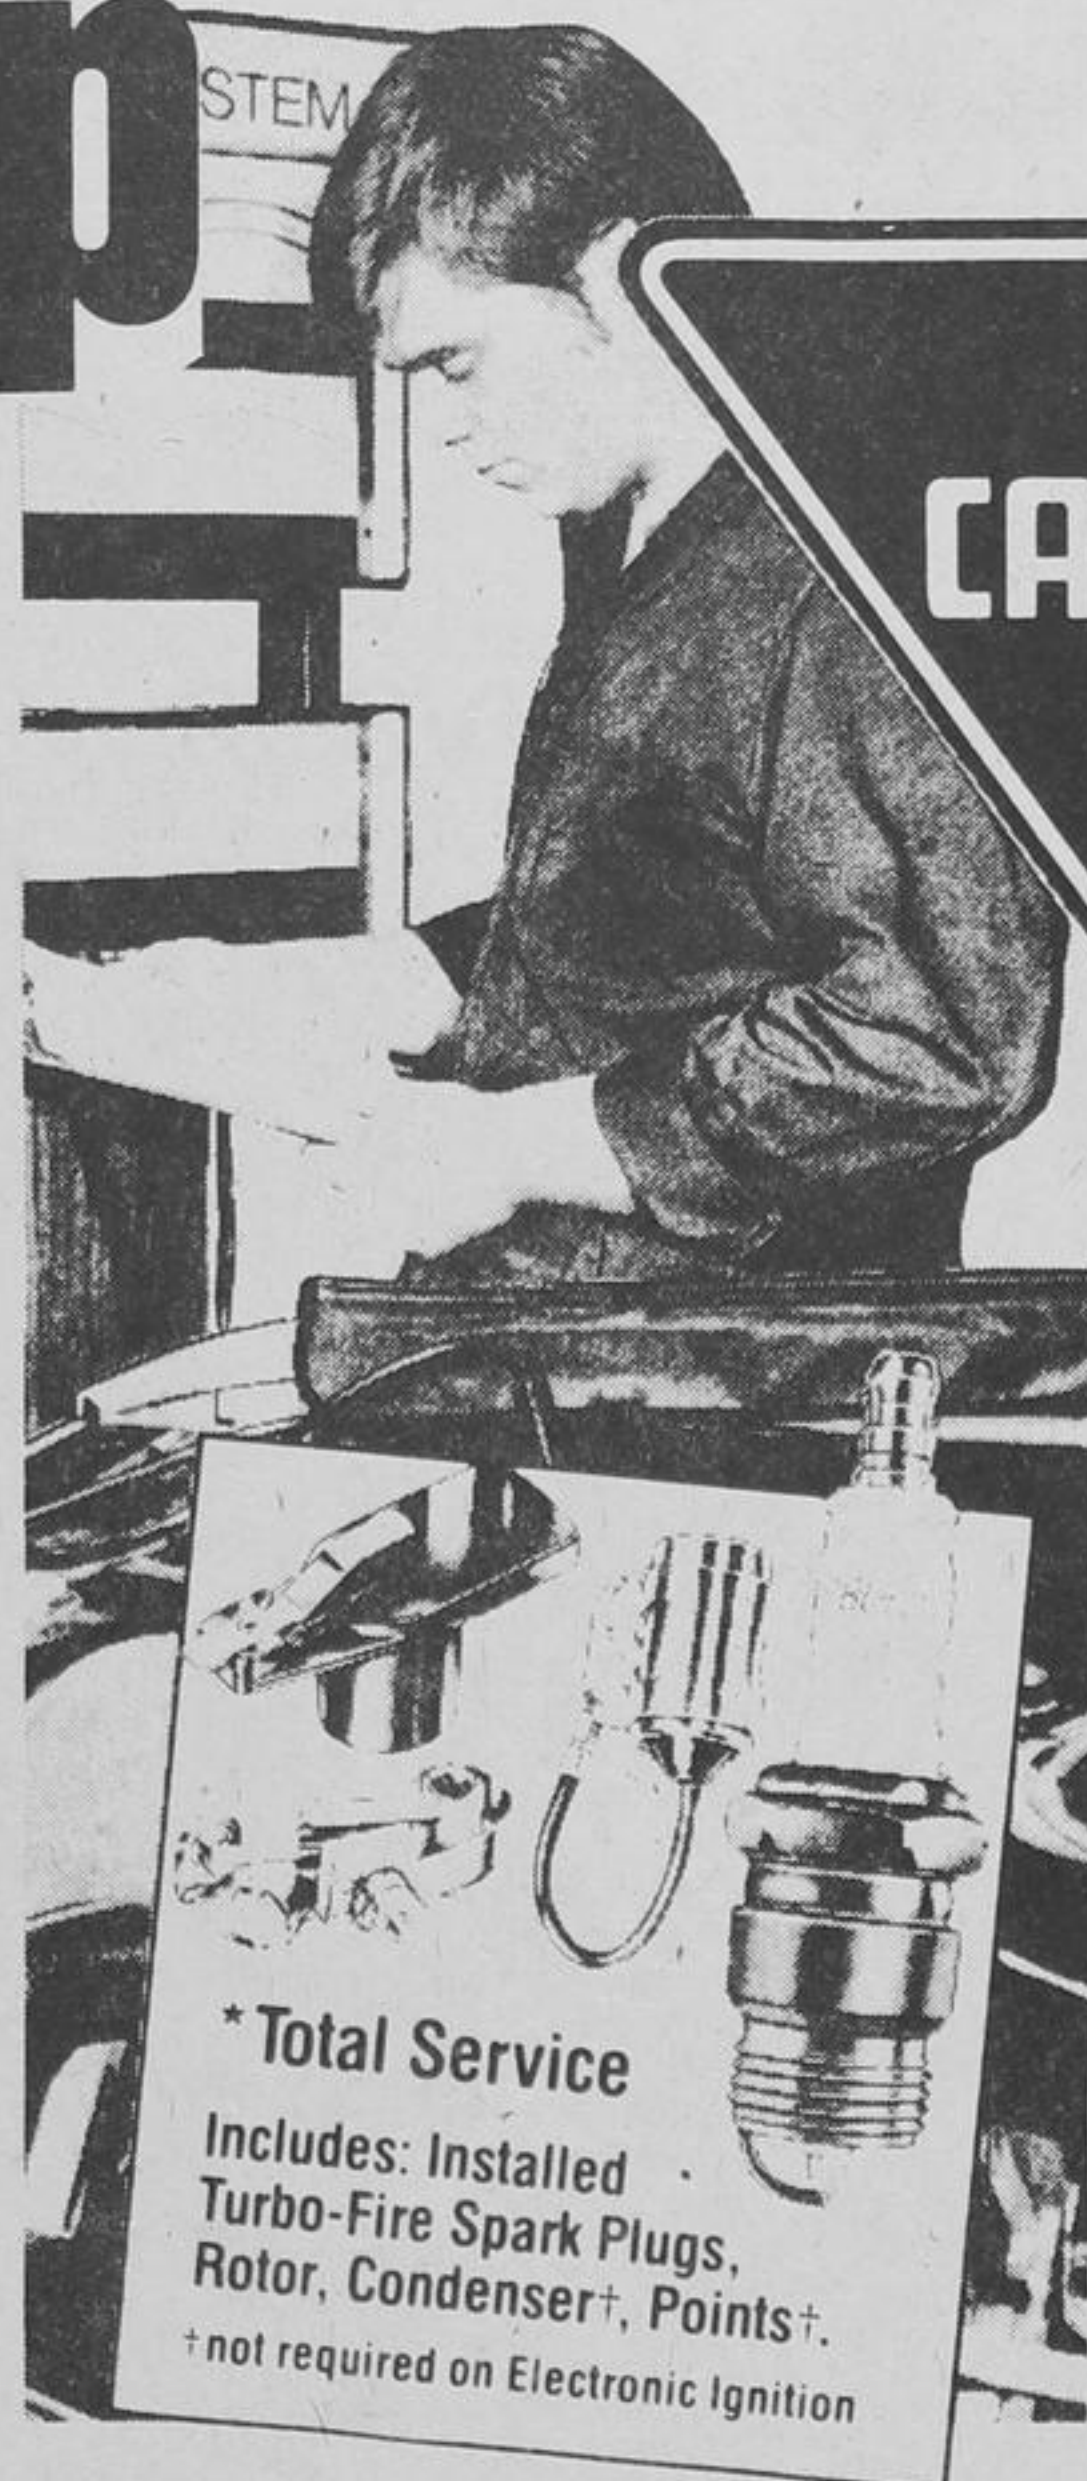

Most 4-cylinder **34<sup>95</sup>** Parts\* & labor

Most 6-cylinder **37<sup>95</sup>** Parts\* & labor

Most 8-cylinder **44<sup>95</sup>** Parts\* & labor

Additional Parts and Labor Extra—if required

LR78-15	69.65	62.37

#Different tread than shown

The Supreme Radial is an extraordinary tire because of two Nylon cap plies in most sizes. These extra plies improve high-speed performance, give more-positive steering and increase safety and mileage. Plus, the Supreme has machine-aligned double steel belts to ensure uniformity and resist penetration. A smooth-riding Polyester casing improves stability while a computer-designed tread ensures positive control. Fully compatible with the radial-tuned suspensions of current automobiles.

**No Extra Charge for Installation \*5% DISCOUNT** for cash payment on tires in lieu of Cash Bonus Coupons  
of our new passenger tires on most standard rims when you buy a Dill or Schrader valve at our regular price of \$1.00. We must install the new tire and valve together.

## Protect your new tire investment

### Wheel Alignment and Suspension Check

- Set toe, caster, camber
- Adjust steering gear
- Centre steering wheel
- Generally inspect steering
- Check wheel bearings
- Inspect front and rear suspension including shock absorbers
- Adjust torsion bars where applicable
- Check tire pressure & wear.
