WE'LL DO OUR PART IN THE FIGHT AGAINST INFLATION

We are constantly looking for good buys (seasonal products in plentiful supply, special manufacturer promotions, etc.) that we can pass along to customers in the form of weekly price specials.

We are exploring every opportunity to reduce expenses in such areas as processing, storage and transportation of goods.

We help our customers stretch their food dollars in these ways:

- a) We tell customers about our merchandise selections so they can make informed choices;
- b) We distribute money-saving recipes and meal planning ideas.

We are striving to cut energy costs through proper maintenance and in-store control as well as energy-efficient building designs.

We are testing new technology in cash registers and other store innovations intended to aid our customers.

We are expanding our product lines to permit one-stop shopping and save consumers inconvenience as well as the expense of cross-town travel.

We are re-investing company profits in modern stores, improved services and added jobs.

... together we can be **INFLATION FIGHTERS!**
