## Three late goals win it for Bentham

By IAN McLELLAN  
Ken Bentham Signs put up a good fight but it wasn't enough to stop Casabil Contractors from walking away with a 7-3 win in the Atom Division of the Richmond Hill Minor Soccer League last week.

Early in the second half, Bentham had pulled to within one goal with scores from Lornez Boffand and Jeff Rumble, who got two. Casabil got its act together after missing a penalty kick and pumped in three late goals.

Marksman or Casabil were John Mulholland (3), Steven Costa (2) and

Sean McNabney and Jonathan Lancaster each with singles.

Travelways 3, Whitechurch-Stouffville Recycling 1

Showing vast improvement, Travelways won its first game of the season in decisive fashion. Goals were booted by Daniel Cameron, Richard Andrews and Sandy Beck. Chris Topping popped the lone goal for Recycling.

Ralf Perihl played another outstanding game for Travelways.

Powell Plumbing Supply 1, Caesar's Palace 1  
Despite strong at-

tacking play in the last few minutes, Caesar's Palace was unable to obtain the winning goal in a very fast game.

Excellent attack and defense was displayed by both teams and goalies Sean Jones and John Boccongelec had very sound games. Sam Orfanakos scored for the Palace and Jeff Holmes for Powell.

MacLean's Furniture 3, Toronto Electrical 3

In another see-saw battle which had some good two-way play, a draw was all that could be had at the end of time. Toronto goals went to Aldo Teofilo (2) and Alan Poole. (Names of MacLean's scorers were not available).

## INSTALLED SHOCKS

### Motomaster Shocks are Guaranteed AS LONG AS YOU OWN YOUR CAR

The Ride-O-Matic and Heavy-Duty Shock Absorber guarantee remains in effect as long as the original purchaser owns the car on which they are installed. Plus labor charges carry a 90-day guarantee.

Ride-O-Matics are deluxe 1" bore shocks that feature slightly firmer action than original equipment. They provide positive dampening action for increased driving control and maximum stability.

#### Heavy-Duty Shocks Absorbers

Firm up a car's suspension to give instant response and a safer more secure ride. Heavy-duty features include a large 1-3/16" piston, independent replenishing valves and 1/2" micro-finished rads for longer seat life. With 25% more fluid and 40% more ride control than most standard 1" bore shocks.
