**Town asked to purchase McConaghy**

Will the Town of Richmond Hill buy the M.L. McConaghy Public School?

The York County Board of Education has asked the Town, if it is interested in buying the 14-classroom school on Yonge Street, it should let the board know.

"My first guess is 'no,'" Mayor David Schiller said.

Councillor Mike Burnie said the board of education should sell the building to the town for the token buck.

"It's immoral for the Board of Education to take any other position than to give it back to the municipality," he said.

"I think the taxpayers in this town are being shafted," he said.

"They'll never see the money from the sale of it (McConaghy)."

Council Tuesday agreed to let its planning and finance committees study the board's request further.

**Thieves get \$42,000 cash and jewelry from house**

Three people were threatened at gun point when a Woodbridge house was robbed Tuesday.

Two male suspects broke into the home of Giovanni D'Aversa on Francis Street and threatened his mother and another elderly male at gun point and then bound them.

The two suspects ransacked the bedrooms.

When Mr. D'Aversa's son returned home, he was confronted by the two suspects. He struggled with them, but they put a gun to his head.

The two suspects then fled taking with them \$40,000 in Canadian cash and another \$2,000 in American currency.

A quantity of jewelry was also taken in the robbery.

As yet, no charges have been laid.

**Conditioner wires short, start fire**

A fire in the living room of the home of Robert Topper of Coles Avenue, Woodbridge, is said to have started because wires to an air conditioner shorted out.

Woodbridge Fire Department responded to the scene, and were able to confine fire damage to the one room, although the remainder of the house suffered smoke and water damage.

Total damages are estimated at \$17,000.
