The Assessment Act **NOTICE TO PROPERTY OWNERS**

And further take notice that the time for lodging a complaint with the Assessment Review Court in respect of any assessment contained in the assessment roll that is required to be returned on the 22nd day of January, 1980, is extended to the 12th day of February, 1980, and in respect of any assessment contained in the assessment roll that is required to be returned on the 15th day of February, 1980, is extended to the 7th day

Ministry Revenue

LORNE MAECK MINISTER OF REVENUE.

T.M. RUSSELL,

DEPUTY MINISTER.

In October, 1979, this Commission was advised by Ontario Hydro that the increase in the wholesale cost of power for 1980 would be about 16.4%. Of this overall increase, 7.4% represented the end of the special rebates under the regulations of the Anti-Inflation Board, for excess revenues in 1978, and the remainder is due to increased costs for power generation in 1980. Rate studies were then performed for Vaughan Hydro, and the conclusions drawn were that, aside from the phasing-out of the special discounts which will be complete on December 31st, 1979, an increase in local rates of 10.8% would be necessary. The rate schedule shown below was therefore adopted by the Commission in November, and, subject to the approval of Ontario Hydro, will be applied to energy used after December 31st, 1979. The usual technique of pro-rating energy use on the basis of the ratio of days before year-end to the normal billing period will be used for the initial 1980 billing. Former customers of Woodbridge Hydro should note that the phasing-in discount applied to their bills in 1979 will no longer apply.
