## THEY CANNOT UNDERSTAND.

MANY PEOPLE STILL INQUIRING ABOUT JOSEPH BROWN'S CASE.

Dodd's Kidney Pills Are Acknowledged to be a Wonder Working Medicine.—Many Other Miraculous Cures Brought to Light.

Oshawa, Ont., Feb. 24.—(Special)—One effect of the publication far and wide through the press of the miraculous cure of a case of paralysis here in Oshawa has been to bring to the surface a great many similarly wonderful and well authenticated cures by the same remedy—Dodd's Kidney Pills.

Mr. Brown, whose case has caused all the sensation, is a modest unassuming mechanic employed in the Oshawa Malleable Iron Works. Since the publication of the facts of his case he has been overwhelmed with letters of inquiry from all over the country, and to each of these he answers simply:

"Yes, Dodd's Kidney Pills cured me after all the doctors and hospital specialists had given me up. I couldn't walk and had to be fed like a baby for four months, but the pills soon fixed me up and I have been in the right ever since."

He has also been in receipt of not a few letters from others who too have found Dodd's Kidney Pills a life-saving remedy when all else had failed.

Several of these, encouraged by Mr. Brown's example, have written to the papers reporting their cases and all are very enthusiastic in their praises of the medicine.

But our explanation of all these cases has been offered and it seems to make them easily understandable.—The Kidneys are Nature's blood filters. If the Kidneys are healthy all diseases will be extracted and expelled—Dodd's Kidney Pills cure the Kidneys and thus enable them to throw off sickness and to protect the body from any and every assault of disease.

## MANY ADVANTAGES OVER OTHER LINES.

That the New York Central possesses great advantages over other lines cannot be gainsaid, and they are too numerous to enumerate, but a few of the principal features are: the great train service (twelve express trains each way between Buffalo and New York), four tracks and the Grand Central Station the only station in the city of New York.

The King has already ordered the Coronation Bible from the British and Foreign Bible Society to be used in Westminster Abbey next June. ## CHAINED-UP SOAP.

When the new reading-room of the Imperial Public Library, St. Petersburg, was opened recently all the pieces of soap soon disappeared from the lavatory. Henceforth the soap will be secured by a chain. This is done by passing a rod of wire through an egg-shaped piece of soap which is then hung near the basin.

# A MIGHTY HEALER

Cures the Sick By **Mystic Power**

You Can Know His Secret Free.

Marvelous New Treatment Which Conquers All Diseases.

You Can Be Cured at Home—Generous Offer of Prof. Adkin.

PROF. THOS. F. ADKIN.

"I consider it a crime to experiment with the health of the people," says Professor Thos. F. Adkin, president of the Institute of Physicians and Surgeons. "If I did not know positively and absolutely that my new home treatment will cure every known disease, even when all other methods of treatment fail, I would consider I was committing a crime to make such a statement to the public. Nothing is so precious to a man as his health, and nothing so horrible as an untimely grave. Little did I not promptly cured, often result in obstinate chronic diseases. I believe that my new discovery, 'Vitaopathy,' is the most marvelous treatment ever known, and I intend to give its secrets to the world. I intend that every man, woman and child shall know its teachings. I propose to tell the sick, absolutely free of charge, how they may be restored to perfect health. I would rather be a benefactor to the sick man than to have the wealth of Croesus." The above are remarkable words, but those who know Professor Adkin, and have tried his treatment, can vouch for their absolute truthfulness.

"I was nearly dead with liver and kidney trouble," writes Prof. John C. Nelson, a well-known geologist and mining engineer, living in Dayton, Tenn. "I had given up and given me up to die. You can imagine what a state of mind I was in. I could not attend to business, and began to think my days were numbered. I read of the wonderful cures Professor Adkin had effected by his great discovery, Vitaopathy, and as a forlorn hope wrote to him just the condition I was in, mentally and physically. He gave me a clear diagnosis of my case and didn't charge me a cent for it. He prescribed a treatment which I began with little or no faith, but I am happy to state that I am now completely cured and am a firm believer in Vitaopathy. From my own personal experience I believe Professor Adkin can almost raise the dead."

Mrs. A. J. Seifried, Stowe Creek, O., writes this gratifying letter. "I was affected with a severe case of Eczema and Nettle Rash, which spread over my whole body. The itching and stinging at times was almost unendurable. I wrote Professor Adkin, and in four days after I began following the free advice he gave me the itching began to subside and the eruptions dried up rapidly. In ten days I was permanently cured. I feel better now than I have for the past ten years. The free advice Professor Adkin gives is a blessing to those who cannot afford to pay big doctors' bills."

Professor Adkin says: "I sympathize with the sick. I want to make every chronic invalid well. I want to prove what my treatment will do. I want every sick person in this country to write me personally. Tell me the leading symptoms of your disease and I will at once make a thorough diagnosis of your case and outline a method of treatment which will positively cure you. This will cost you absolutely nothing. I will also send you a copy of my new book on 'How to Get Well and Keep Well,' postage prepaid. You are not out a single cent. Write me in confidence fully and freely about yourself." Address PROF. THOS. F. ADKIN, Office 557 N., Rochester, N. Y.

## PAGE WIRE FENCE

This is the Page Standard II Bar Fence, made of "Page" wire which is twice as strong as common wire. The continuous coil, note wavy appearance, allows for expansion and contraction which is important owing to Canadian climate. Our upright wires are in one piece and have strength of about 500 pounds. If made of pieces of wire at each horizontal, they would have a strength of only about 300 pounds. We also make gates, ornamental fences, poultry netting, nails and staples.
