RUSSELL — ONT

## VARs

Vars, May 5th—The Methodist Ladies' Aid held their annual social on the lawn at the parsonage on the 24th. There was a large crowd. An excellent supper was served on the lawn. The tables were well lighted. After supper the house was thrown open to all and a short but entertaining program consisting of the following items was rendered. Opening chorus (choir); recitation, Taking an Elevator, (Miss Craig); instrumental solo, (Miss McCormick); Reading by Rev. Mr. Langill; Vocal duet (Mr. and Mrs. Hueston) encore "No. Sir." Then Mr. Lillie on behalf of the congregation, presented Mr and Mrs. Robeson with two handsome chairs and Mr. Hueston read the following address.

Rev. J. B. Robeson,  
Dear Pastor,

We, the members of your congregation at Vars would take this opportunity to express, even though it be but a feeble expression, breathed in broken words, the deep feeling of affection, love and esteem we entertain for yourself and estimable family. We regret that we have been unable to afford you many of the good things of this life that we would wish to have done but we rejoice that in your goings in and out among us in the administration of the affairs of the church and in the discharge of your duties as pastor, no friction has ever occurred to mar the pleasure of our association as pastor and people. It would seem as though the machinery of the church had been lubricated with the oil of love. It is with feeling of much joy that we say that we believe your pastorate has been blessed with much fruit which we trust shall ripen in eternal glory. We desire to emphasize these few expressions of the feelings of our hearts toward you by presenting you with these chairs. The words have been but a feeble effort to express our feelings of regard but this token is a still more feeble effort. Now as in a few more days we must bid a sad farewell we wish, for yourself and family, on your new field of labor, all the good things that can possibly come to you and their lot in this life. We wish for you many years of usefulness in the church knowing that your reward shall be great in the life to come and that a starry crown of glory awaits you.

Miss Sadie Robeson was also presented with a purse as a token of appreciation of her services as an organist while with us.

Although taken by surprise Mr. Robeson's reply on behalf of himself and family was given in a few well chosen words.

## Dr. Hamilton Cures Rheumatism.

You Use His Mandrake and Butter-milk Pills—he Guarantees a Lasting Cure.

Rheumatism begins and ends in the blood which at no time is ever free from poison. But if the kidneys are healthy, they will filter out the wastes and poison. In case of rheumatism, the kidneys are not doing their work. As a result, poisons crystallize around the joints and cause pain almost akin to torture.

There can be no cure, no permanent relief until the kidneys are stimulated. First get them into working order. For this purpose Dr. Hamilton's Pills excel all other remedies; they heal and strengthen the kidneys as no other medicine can do. Once the kidneys are renewed by Dr. Hamilton's Pills the poisons depart from the blood and all trace of rheumatism disappears.

No Case is Too Chronic to Yield to the Marvellous Influence of Dr. Hamilton's Pills.

"I spent nearly three years experimenting with rheumatic remedies," writes Geo. E. Sanbury, of Portland. "I had almost given up hope when I tried Dr. Hamilton's Pills; they completely cured me. No remedy could be better."

You will never regret using Dr. Hamilton's Pills. Get a supply to-day from your druggist, 25c. per box, or five boxes or \$1. By mail to any address if price is forwarded to N. C. Polson & Co. Kingston, Ont., and Hartford, Conn., U. S. A.

## A REMARKABLE INVENTION FOR THE Culture OF HAIR

THE EVANS VACUM CAP is a practical invention constructed on scientific and hygienic principles by the simple means of which a free and normal circulation is restored throughout the scalp. The minute blood vessels are gently stimulated to activity, thus allowing the food supply which can only be derived from the blood, to be carried to the hair roots, the effects of which are quickly seen in a healthy, vigorous growth of hair. There is no rubbing, and as no drugs or chemicals of whatsoever kind are employed there is nothing to cause irritation. It is only necessary to wear the cap three or four minutes daily.

### 60 DAYS FREE TRIAL!

#### The Company's Guarantee.

An EVANS VACUM CAP will be sent you for sixty days' free trial. If you do not see a gradual development of a new growth of hair and are not convinced that the Cap will completely restore your hair you are at liberty to return the cap at no expense whatever to yourself. It is requested, as an evidence of good faith, that the price of the cap be deposited with the Chancery Lane Safe Deposit Company of London, the largest financial and business institution of the kind in the world, who will issue a receipt guaranteeing that the money will be returned in full, on demand without questions or comment, at any time during the trial period.

The eminent Dr. I. N. Love, in his address to the Medical Board on the subject of ALOPECIA (loss of hair) stated that if a means could be devised to bring nutrition to the hair follicles (hair roots) without resorting to any irritating process, the problem of hair growth would be solved. Later on, when the EVANS VACUM CAP was submitted to him for inspection he remarked that the Cap would fulfil and confirm in practice the observations that he had previously made before the Medical Board.

Dr. W. Moore, referring to the invention, says that the principle upon which the Evans Vacuum Cap is founded is absolutely correct and indisputable.

An illustrated and descriptive book of the Evans Vacuum Cap will be sent, post free on application.
