Minard's Liniment for Garget in Cows.

Preserving Apples.

To make apples keep longer, wrap them in oil paper, instead of the ordinary wrapping paper used for packing box apples. Apples wrapped in oil paper, put in storage September 22, 1920, kept in fine shape all through the winter, while others from the same tree, wrapped in ordinary wrapping paper, decayed badly. The apples in oil paper kept two months longer than their usual keeping time.

Minard's Liniment Co., Limited.

Sirs,—I have used your Minard's Liniment for the past 25 years and whilst I have occasionally used other liniments I can safely say that I have never used any to equal yours.

If rubbed between the hands and inhaled frequently, it will never fail to relieve cold in the head in 24 hours. It is also the best for bruises, sprains, etc.

Yours truly,
J. G. Leslie.

**"Cascarets" if Sick
Bilious, Headachy
From the Bowels**

Get a 10-cent box now.

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold. Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? Cascarets work while you sleep; cleanse the stomach of sour, fermenting food and foul gases; take the excess bile from liver and carry out of the system all the constipated poison in the bowels. A Cascaret physio-tonic will straighten you out by morning.

Let Eggs Time Themselves.

Since very ancient time sandglasses have been used for timing the boiling of eggs. Even nowadays they are in common use for this purpose in hotels and restaurants.

A new twist is given to the idea by William A. Corbett, of Winnipeg. He makes the eggs time themselves, and, when they are cooked, lift themselves out of the boiling water—with the help of a modification of the sandglass idea.

The device for the purpose is a tube containing a number of lead balls. It is attached by a little bracket to the edge of a saucepan, and from the end of it is suspended a wire basket to hold the eggs in the boiling water.

A branch of the tube contains a sandglass, in such a position that the upper bulb of the latter keeps the lead balls in place. But this upper bulb is made of rubber and, when the sand runs out of it, it collapses, allowing the balls to run down into the hollow handle of the tube. The transfer of their weight to the handle causes the end of the tube to rise and lift the egg-containing basket out of the water.

MONEY ORDERS.

The safe way to send money by mail is by Dominion Express Money Order.

Apple Tree and Elm.

The apple spreads wide skirts around, Squatting homely on the ground, Glad to take a lazy chap On her ample mother lap Eager to provide him sweet Striped wholesome fruits to eat.

But the elm, remote and high, Lays her fingers on the sky, Strains for stars, and dreams and broods, Intricate with many moods, Yet if you persist to woo, She may net a star for you.

Minard's Liniment for Distemper.

A Cheap Method of Housing Swine.

Shade in summer and shelter in winter are two essentials to successful swine rearing. As the Dominion Animal Husbandman says in a lately issued circular from Ottawa, two or three cheap, portable cabins and a boxstall for the farrowing sow will supply the necessary housing in the case of the farmer who maintains a few hogs. Specialized hog raising necessarily calls for more equipment. The right kind of a cabin should be relatively light and built on runners so that it may be moved to fresh ground occasionally. In order to be durable and strong, it should be constructed of sound but rough material. To be cool in summer, it should have hinged sides for the free passage of air, and for adequate shelter in winter these sides should have secure fastenings. Room should be provided for four or five brood sows. The Dominion Husbandman explains that small weak litters result from the parents being housed too much, and that they should be given ample opportunity for exercise out of doors. Illustrations, plans, and exact details of the lumber and other things required for the construction of the best kind of cabin are given in the circular.

World's Deepest Gold Mine.

Australia is said to possess the deepest gold mine in the world. It is situated at Bendigo, Victoria, and is known as the New Chum Railway Mine. The miners who work in it are obliged to travel down a shaft nearly three-quarters of a mile deep.

The heat in the mine is terrific, the temperature of 108 degrees being so weakening that it is necessary to spray the bodies of the miners continually with cold water from above ground.

Away from the spray the men could not stand, and it is as much as they can do to work moderately under the spray. Few will begrudge these men the money they earn.

"Take life as it comes" is the motto of Lord Sinclair, a Crimean veteran who recently celebrated his ninetieth birthday, and is still hale and hearty.

BITS OF HUMOR
FROM HERE & THERE

Wonderful to Behold.

Phelps—"That is a sunset my daughter painted. She studied painting abroad, you know."

Nobbs—"Ah! that explains it. I never saw a sunset like that in this country."

She Tried to Be Agreeable.

Sea Captain (introducing friend to his old mate)—"This is my old friend, Barker; he lives in the Canary Islands."

"How interesting," murmured old auntie, and, gathering all her wits, she added: "Then, of course, you sing."

Not Forehanded.

"How did you order your steak, sir?" the waiter returned to ask after having been gone what seemed like a week to the hungry diner.

"Like a fool, I did it personally," bellowed the patron. "If I had any sense I'd have ordered it by mail, a month in advance."

Bad Symptom.

Hostess—"Well, Tommie, when you get home, you can tell your mother for me that you are the best behaved boy at table I ever met."

Tommie—"Thank you, ma'am, but I'd rather not."

Hostess—"Rather not! And why, pray?"

Tommie—"She'd think I was ill, ma'am, and send for the doctor."

Mother, Quick! Give California Fig Syrup For Child's Bowels

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Made in Canada. All druggists sell Bayer Tablets of

625,000 BOTTLES SOLD IN NEW YORK

ENORMOUS DEMAND IS UNPRECEDENTED.

Tanlac Biggest Thing of Kind Ever Seen There, Says Big Wholesaler.

The fact that 625,000 bottles of Tanlac have been sold in the state of New York since its introduction there less than one year ago, is a big business item that will attract unusual attention throughout the entire East, for nothing like it has ever happened before. It breaks all records.

Mr. George B. Evans, manager of the Gibson-Snow Company, the well-known wholesale druggists, with branches in Albany, Buffalo, Rochester and Syracuse, recently announced that the preparation was now selling in their trade territories alone at the phenomenal rate of approximately 500,000 bottles a year.

"If the present rate continues," said Mr. Evans, "this state alone will probably require considerably over 750,000 bottles a year. This is a tremendous figure, but I am really conservative in making this statement."

Tanlac is sold by leading druggists everywhere.

The best way to lie when sleeping is on the right side.

THIS WOMAN'S MISERY

Ended by Lydia E. Pinkham's Vegetable Compound. Remarkable Recovery of Mrs. Church.

Smiths Falls, Ont.—"I suffered with falling of my organs, pains around my heart and in bowels and down my legs, neuralgia in my face and head, and that terrible sinking feeling. I felt that I could not live and would fix my house in order every night so there would be no trouble if I dropped off in the night. My husband went to the druggist to get the best remedy he had and he gave him Lydia E. Pinkham's Vegetable Compound. I took six bottles and felt a lot better. I will always recommend the Vegetable Compound, and you can use these facts as a testimonial."—Mrs. J. O. Church, Box 845, Smiths Falls, Ont.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from nervous prostration, displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and dizziness. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

If there are any complications about which you need advice write in confidence to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Why should you follow a crooked path?

Often a cowpath has been allowed to become a factory street, and as the village expanded, tradition has made the winding way an expression of a cow's will.

Habit is always forging chains to enslave us, so that what has been found bearable by the fathers is accepted by the sons.

As children, we were not permitted to drink tea or coffee, because it would stunt our growth or make us nervous and irritable. When older, however, we craved a hot drink with meals, and custom gave us our tea or coffee.

Finally upon the instructions of the doctor, Mother gave up her tea and coffee. But that meant nothing in our young lives. Our vitality was then strong enough to throw off any ill effects.

But our time came, and we learned by experience that we could not drink tea or coffee. When we had it for breakfast it put our nerves on edge. When we drank it at the evening meal, we tossed about in wakefulness most of the night.

And then we found Postum, a pure cereal beverage, free from the harmful drug, caffeine, in tea and coffee. We liked the rich, satisfying flavor of Postum—and also the better health which resulted. And, too, we were surprised to find how many of our neighbors had made the same discovery—had learned the value of "health first."

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes. Sold by all grocers.

Postum for Health
"There's a Reason"
