even Oakland's own Popularity records would be eclipsed!

THE enthusiasm of the Oakland owner grows with every mile he drives his car . . . with every month he owns it. He learns what Oakland's 228 cu. inch six-cylinder engine means in surplus power on hills, in breath-taking speed, in spirited acceleration . . . how the G.M.R. cylinder head gives high-compression performance, even with ordinary gasoline . . . how the harmonic balancer neutralizes torsional vibration . . . how Oakland's big, internal-expanding four-wheel brakes provide absolute safety. And he learns the luxury, the ease and the staunch durability of Body by Fisher. If everyone knew what Oakland owners know . . . everyone would realize, as Oakland owners do, that there is no other car in Oakland's price class that offers so much in quality or in value. Before you decide on a car . . . come in and find out the reasons for Oakland's undeniable superiorities.
