County Treasurer.

Compare OAKLAND with higher-priced cars

THE ranks of enthusiastic Oakland owners are filled with motorists who demanded the size, performance, beauty and comfort of a fine-quality six . . . and who found them all in Oakland. They compared Oakland with cars far above Oakland in price.

They weighed carefully Oakland's many mechanical advantages . . . the big, 62-h.p. high-compression engine with G.M.R. non-deteriorating cylinder head . . . the Harmonic Balancer that eliminates crankshaft vibration . . . the 1 1/4-inch carburetor with accelerating pump . . . the special bronze-backed main bearings . . . the crankcase ventilation . . . oil filter . . . air cleaner . . . and dozens of others.

They considered the smart, original beauty of Oakland's Bodies by Fisher . . . the interior luxury of mohair upholstery, Ternstedt fittings, foot-controlled tilt-ray headlights, VV windshield.

They looked at the special features that provide the "EXTRA" measure of satisfaction, such as Lovejoy Hydraulic Shock Absorbers . . . dirt-and-weather proof four-wheel brakes . . . thermostatically controlled cooling . . . rubber "biscuit" engine mountings . . . and so forth.

And very wisely they selected Oakland Six as the greatest value in its class. Come in! Drive Oakland Six and learn the reasons on which their choice was based.
