## Drive a Six and know the difference

TAKE the wheel of the new Chevrolet Six and you will discover, immediately, why it is wise to choose this six! No vibration! No roughness! For nothing less than six cylinders can give you six cylinder smoothness. And Chevrolet—a Six—is actually one of the lowest-priced cars you can buy.

You will appreciate the spirited performance of Chevrolet's powerful 50-horsepower valve-in-head motor. You'll marvel at Chevrolet's unsurpassed economy of gasoline and oil! You'll be grateful for the riding comfort of its lengthwise-mounted springs, with their self-adjusting shackles, and Lovejoy shock absorbers, front and rear.

The new Chevrolet Six is equipped with Fisher bodies. This gives you a low-slung, smarter car—with extra wheelbase—longer lines—deeper cushions—wider seats—finer fabrics and more leg-room. A genuine honey-comb radiator, large balloon tires and variety of color harmonies are further refinements that add to the beauty of the new Chevrolet Six.

Call us on the telephone, now. We will send a car to your door for you to drive. It will take you only a few minutes time to learn why it is wise to choose this Six. Do it—today! Be sure to ask about the G.M.A.C., General Motors' own plan of convenient payments, and about the complete General Motors Owner Service Policy.
