

There is much more that could be told but I have been asked to keep this brief. Many of you have I am sure, some interesting memories of the Russell Rinks and maybe you will reminisce with one another after this program.

The Editor,
Russell Review.

Hats off to the Russell Review! How refreshing it is, to read about pleasant events. You offer a few moments of nostalgic memories of a way of life too often cast aside for the rush and hassle of the asphalt jungle.

We look forward to reading every edition. It is light in content, yet very informative in telling it the way it is.

Good luck in your future endeavours.

Sincerely,

R. A. (Bob) Emond,
