**ST. MARY'S ANGLICAN
 CHURCH NEWS**

St. Mary's A.C.W. would like
 to extend a warm welcome to
 any Anglican women of Russell
 parish who would be interested
 in joining our group at our
 coming meetings, March 14 and
 April 4 at the home of Judy
 Anderson, Craig Street, Russell.
 There are many worthy things
 we would like to do but are
 unable to, due to lack of
 numbers to organize things. We
 are having our usual Plant Sale
 again this year in conjunction
 with the Senior Citizen's Tea and
 Bake Sale on May 7, at the
 Church Hall. We are also looking
 for homes for some of our plants
 until the day of the sale, if some
 of you could spare a windowsill
 or two for four or five weeks.
 Also, we would appreciate any
 slips or plants you could donate
 to our cause. Please contact
 Rita Harrison at 445-5525, or
 Sharron Appel at 445-2035,
 concerning the plants.

Sunday school for children
 6-13 is held at 11:15 a.m. every
 Sunday with the exception of the
 second Sunday of the month
 when the service is at 9:00 a.m.
 There will also be baby-sitting
 available for those parents who
 wish it for all 11:15 services.
 Please contact Rita Harrison at
 445-5525 or Mary Rowsell at
 445-5244 for further details.

Gardening . . . The Coming of Spring

Although it is still winter, have
 you been to your basement to
 visit your bulbs and your
 geraniums? What was up and
 put in bags for a rest period, are
 ready now to re-pot. Choose
 vigorous young shoots and side
 branches that are actively
 growing. Cut them three to six
 inches long just below a node
 (the place on the stem where a
 leaf or leaf pair arises, and cut
 off all flowers and flower buds so
 that the energy of the plant will
 be directed totally toward root
 production.

Insert your cutting 1-1½"
 deep into the mix far enough
 apart that they barely touch.
 Press the soil firmly around them
 making certain the root ends do
 not remain in air spaces where

they will be unable to absorb
 water. Some gardeners prefer to
 dip the ends into a hormone
 powder to speed up rooting
 process. It is important to keep
 medium moist but not soaking.
 Keep potted in warm places, not in
 direct sunlight. The soil may be
 purchased at any feed store. A
 clear plastic bag supported by a
 stick firmly tied around the pot
 will maintain humidity and
 encourage faster rooting.
