My business and residence are located in St. George's Ward and St. George's Ward is also the place of my birth. I have always taken a great interest in the municipal affairs of St. Catharines and of St. George's Ward in particular.

I am prepared to give 2 years of my time to represent you on City Council, but I need 1/2 hour of your time to go out and vote for me on December 2nd. I feel that my experience could be of value, and I solicit your vote and influence for my election
