

" Time does not permit me to give the names of all those who helped, but suffice it to say that so much labour was given free and material supplied, either free or at cost price, that this ship, valued to-day at \$7,000 only cost the Sea Cadet Committee \$1,800 ! !

" Badly pressed for time, the Sea Cadet Committee nevertheless found time to give a 'thank-you' party to all those who had helped at which the refreshments served were even given free by interested merchants !

" In showing their support of the Kinsmen Club Sea Cadet Committee and the Navy League, the St. Catherines Standard gave over the whole of the ^{second} section of their newspaper ~~yesterday~~ ^{to-day}, to be used by the Committee in giving publicity to the project, the Navy League Tag Day to-day, and to Navy League work in general. And a fine looking newspaper section it is too !

" To-day is tag day there in St. Catherines so any of you listeners who are impressed with this fine effort--don't let the fact that you aren't a resident of St. Catherines keep you from expressing your admiration in a practical way, if you feel like it !

" So that's the story of what one organization in one city has done for the Sea Cadet Corps and the Navy League ! It's a fine example isn't it?
