

"The Navy League has many activities--so many things it wants to do for our merchant seamen and sailors and Sea Cadets!

"It is opening this wonderful Allied Merchant Seamen's Club at Halifax, to sleep six hundred men nightly and handle three thousand men daily, providing them with a much-needed home from home; it is operating ten other service units at our ports; the Ontario Division is making a gigantic effort to send 20,000 ditty bags to our merchant seamen and sailors for Christmas, and it needs thousands more volunteers to fill these bags with comforts; it needs woollens for our sailors; cigarettes for Christmas for them; books, magazines, playing cards, games.

"If you have been inspired by this story, call or write to the Navy League, 1118 Bay St., Midway 2425, Toronto, and see what you can do to help that fine body of citizens !
