

appeal to the interests from horse lovers to poets.

The Sweets are not particularly fond of the 40 minute drive to and fro each day to get to their new business, nor to being separated for that extra time from their children. In the future, they hope to make the move to Picton, for as Barbara suggested it would be nice to live here just for the convenience of being able to go down and do a bit of work in the evening if needed. They also expressed a desire to become involved in this community, as a means of giving something back to it.

They will be open six days a week, Monday to Saturday, from 9 in the morning to five in the afternoon. Following the Victoria Day weekend, they plan to open on Sundays as well.

So go in and buy or browse, welcome the Sweets and their book store to our community by giving them your patronage.
