

There's something for everyone around Prince Edward Bay.

Rolling landscapes dotted with cattle and sheep. Meandering roads through unspoiled countryside. Glittering waters for sailing and yachting. Cozy harbours to drop anchor and swim.

There are savoury cheeses from historic Black River, locally-grown foods in small cafes. Places to stay and museums to visit. Antique, gift and craft shops to browse. Glass blowers, artists and photographers.

Pastoral yet progressive, South Marysburgh Township, the area around Prince Edward Bay, is for enjoying, exploring--and living in. For although steeped in history, it has all the services required for modern living.

Come and find out for yourself.
