## WAKING DREAMS

*Continued from page 5*

and Moncton was pretty proud of their tidal bore in the Petitcodiac River. The tides were so great that when the tide turned a little wave would come either down or up the river. It was aptly named because it was, quite honestly, a bore in every sense of the word. I always meant to try the Old Faithful trick for the benefit of the tourists, but only fantasized it. It would have been impossible to do it with the famed Magnetic Hill, because that always struck me as a hoax anyway.

The fantasy of flying is common, soaring about with arms outstretched. This is more commonly dreamt while asleep, and dream pundits say it's a sign of good mental health. I do it when I'm awake, though. That's probably a sign of latent insanity. And, there's many, many more fantasies. I've only scratched the surface of a good fantasy life with these examples. I say live the good fantasy life, live it to the fullest.

- George Underhill.

# IMAGINE.....

- NO SALT
- NO ELECTRICITY
- NO MONTHLY COSTS
- NO CHEMICALS
- NO BACKWASH
- NO MAINTENANCE

90 DAY MONEY BACK GUARANTEE

LIFE-TIME WARRANTY
