## It's Here!

*Continued from page 1*

be much one can believe about the platforms of the various parties. Maybe it all comes down to the integrity of the person elected. That said, it was good to see Dennis Timbrell at the church supper at St. Philip's and have the opportunity to speak to him if we chose. We must make and take the occasions to see and hear the various candidates running for election from this riding and they must give us that chance. Time is running along.

Besides an election there are other important things going on. The Mummies are putting on "Ann of Green Gables" and very well so I hear. We have a lot of talent in this community and where better to showcase it than our own Mount Tabor Playhouse. And the renovations to the playhouse are in the works. This is do or die year for the playhouse. Next year it is part of the county, this year it is ours. If we want it to remain a viable and useful facility to this community and to the area generally, we must both raise the money and complete the renovations this year. Show your support for this project by speaking to members of council and to the Mummies and attending events held to raise the money.

Of more individual interest is the group to meet at the Anglican Rectory for a four week study of the Old Testament and its interconnectedness with the New Testament. The group will meet Monday nights for the month of May, starting on May 5, at 7:30 p.m. If you are interested you are welcome to come. Rev. Pat Patterson will lead the group. As one who took part in the Lenten Study Group that Pat lead, I can promise that you will find it interesting and thought provoking.

Well there you are. Spring. We are here for another season. There is so much to be thankful for in spring. There is so much to enjoy. It's enough to make you burst.
