What's this? A full service computer company in Milford? Why yes!!! It is. Steve Hungerford and Pat Larkin are pleased to announce the opening of **DE BUG COMPUTERS**

We need your help!

Bruce Dowdell, Lenie Lenz and Suzanne Pasternak are in the process of producing a video on the history of Milford. If you have any old photographs which we can copy and return to you or stories you would like to share please call Bruce or Lenie at Video Variables 476-8891.

We will open our doors on September 17th.

We will specialize in sales and service of windows based systems. Call us about our convenient in home service and general maintenance plans available to home users.

We also specialize in eradicating viruses and getting your system up and running as soon as possible.

Ask us about our private and safe back up services.

If you are interested in upgrades or whole systems, consult with us.

If you are new to your system and just want to learn how to send email then we can help you. Our in house training starts as low as \$20.00/hr.

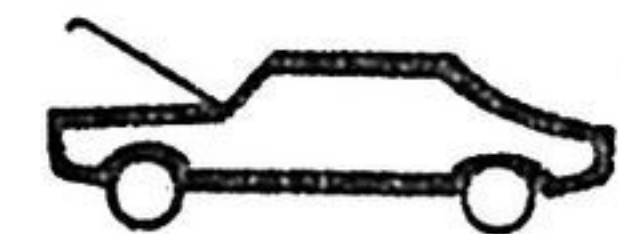

In short, if you have a computer problem or would like to purchase a new system or just have a question, De Bug Computers is here for you.
