Bird Feeding Seminar coming to Picton

Bird feeders and evidence of a sunflower cult are popping up everywhere in the Prince Edward County area these days. After all, bird feeding is North America's second most popular hobby. But are we doing it right? Which is the best feeder? Where should I install it? Should I leave the hummingbird feeder up in the fall? Is bird feeding wrong?

All of these questions, and more, will be answered in a special bird feeding seminar coming to Picton on Sunday, November 11th. Taking place in the Prince Edward Room at the Tip of the Bay Hotel and Marina, the event gets under way at 2:00 p.m. The event is being sponsored jointly by Quinte Conservation and Picton Farm Supply.
