A new treatment for cancer, called intensity modulated radiation therapy, concentrates higher doses of radiation to accurately target only the cancer cells from many different directions and leaves healthy tissue alone.

An old man walked into a lingerie shop and bought a skimpy negligee, hoping it would put some spark into his marriage. When he gave it to his wife, she said, "Oh, honey, it's lovely," but to herself she thought - what's this? We haven't had sex in years.

That night the man asked his wife to slip into the negligee. She went into the bathroom and found it was the wrong size. His eyesight is so poor, she thought, I'll come out naked, get into bed, and he'll put his arm around me and fall asleep as usual.

Soon she walked out and her husband stared at her intently. "Considering what I paid," he remarked, "you'd think they would have pressed it".

**Contemplating Marriage?** Here are some questions to consider before making the final move .

- (1) Why do I want to marry you? Why do you want to marry me?
- (2) How will we make decisions once we are married? What will we do when we can't agree?
- (3) How much time will we spend with friends (individually and as a couple) after we're married?
- (4) Who will be the primary financial provider in our family?
- (5) How will we decide on major purchases and debt issues?
- (6) Will we have children? how many? What are your views on discipline?
- (7) What are your spiritual beliefs and how will they affect our marriage?
- (8) What are our goals for the next 3 years? 5 years?
- (9) Can I discuss my thoughts, feelings and needs with you?
- (10) Is there anything from your (or my) past we need to discuss?
- (11) What is the quality you love most about me? Why?
