Gem Of The Month - - If civilization is to survive, we must cultivate the science of human relationships - the ability of all peoples, of all kinds, to live together in the same world at peace..

A local man dropped his wife off at her hair stylist's and she was to phone him to pick her up when she was done. When she phoned, a male voice answered and she said "You can come and get me now."
"Are you sure?" the man replied. "This is Whattam's Funeral Home."

A local mother was celebrating her 70th birthday and her daughter put on a new CD to set the mood "for this special occasion." When she pressed "play" everyone burst out laughing as Frank Sinatra crooned, "And Now the End is Near"

A local woman put this ad in the local paper - Lost 50 lbs. Selling my fat clothes - good condition, sizes 18-20. She was bombarded with phone calls, but nobody wanted to buy the clothes - they all wanted to know how she had lost the 50 lbs.

A thrifty young fellow of Shorem
Made brown paper trousers and wore 'm;
He looked nice and neat
Till he bent in the street
To pick up a pin; then he tore 'm.

There is destiny that makes us brothers;
None goes his way alone;
All that we send into the lives of others
Comes back into our own.

There is only one way to achieve happiness on this terrestrial ball, and that is to have either a clear conscience, or none at all.
