### South Bay U.C.W. - Continued from page 8

The Fall Rally will be held at Picton United Church on October 22nd. South Bay is responsible for worship and memorial. Amalgamation of all the United Churches in Prince Edward County will be discussed.

Our collection was gathered and dedicated.

Alice had a short program in which you had to identify famous sayings.

Karen Guernsey asked some questions about people and places in Prince Edward County from The County - The Game.

The ladies then enjoyed a lunch prepared by Donna Loney and Winona Moran, thanked by Marge Drury.

### Trains - Continued from page 7

and dining facilities in each dome travels during the day. We will sleep in a hotel in Kamloops and proceed the next day to Vancouver. It promises a luxury trip with gourmet food and drink - we'll let you know.

After a few days in Vancouver we'll head out for a cruise to Alaska. One of the land tours includes a train trip through some passes which we may take although we may have had enough of trains by then, but I don't think so.

One trip I don't want to take is the commuter trains into Tokyo Japan with pushers to pack you in the cars. My son lived outside Tokyo for six months a few years ago and took the train complete with pushers into the city every day. His sharing of the experience with me is, I think, as much as I need to know. BUT - a trip to Japan. Something to think about!

### It's Tough Being a Man - Continued from page 5

finger on my circular saw. I know guys who have done similar things, only more severe, on other pieces of equipment. The reaction always is, "Boy, was I stupid". That's because there's no one to blame but yourself. Even though they hurt us, we can't blame the machine. It's inanimate. It's predictable. It doesn't argue. That's why men like machines.

The brave Men of Milford may well attack me for revealing these elements of our conversation. "Is that really what you fools talk about?", the wives will query. "You've reached a level of dumbness even I thought was beyond you", they will say. Well, gosh darn it, I had to write about something this month. I know I'm digging a grave for myself with both the men and the women. I might as well hop into the coffin and close the lid. But I just can't help myself. Men have no self control. Just ask a woman.
