

Municipally Yours,

First some trivia...

"It seems like every county employee has a truck provided."

There are 21 half ton trucks. Just so you know - and so you can tell others. There are nearly 300 employees in the municipality so no, everyone does not have a truck. These 21 trucks make it possible for the County to be cared for from Carrying Place to Point Petre to Long Point to Cressy Lakeside to Green Point to Rossmore by the staff in Public Works (Roads and Water/Sewer Departments) and Community Services (Parks and Physical Properties) to cover 3 Roads Patrol Areas, 7 Water Service Areas, 2 Sanitary Service Areas plus the parks, museums, libraries, halls, community centres and the office and work site buildings which number over 100. I know the next question: "Why do we need 100 spaces to do the County's work?" That's for the next column!

Statutory and Advisory Committees

During January there will be a couple of newspaper ads for volunteers to sit on a variety of legislated and advisory committees that will report to the "Standing Committees" of Council. These statutory and advisory committees cover police services, museums, Millennium Trail, etc. Please consider applying for one or more of these committees. Before I got on Council, I did not know they existed but I now know they are critical to having good input to Council decisions. Most Committees meet once a month and the term is for the three (3)

Terry Fox Run Successful Again

Just to let you know that our Terry Fox Run (held in Sept.), raised \$2,329.93. We thank all who helped in any way for this worthy cause!

On behalf of teachers and staff at Athol/South Marysburgh School, I would like to wish all of you health and happiness in 2004. We are indeed grateful to be part of such a warm and giving community.

Valencia Logan

year Council period. If you have questions about any one of the Committees, please feel free to contact me.

There are four (4) **Standing Committees** comprised only of Council members. Last term I sat on Public Works and Community Services (the "truck" folks). This term I will be sitting on Community Services and Corporate Services (Administration, Economic Development, Fire, Police, McFarland Home, Ambulance, etc.). I still get to sit in on Public Works and Planning Committee meetings and I still
