## FROM MUSIC TO MUFFINS FINE-TUNING THE MILFORD FAIR

Get ready for September 18! That's the date of this year's Milford Fair, and there are lots of preparations going on already. In fact, some of them started almost as soon as last year's fair was over. The Fair Board aims to have a 'good, old-fashioned country fair'. At the same time we are always looking for ways to fine-tune what we do, so while lots of things are the same as last year, we are making some changes as well.

Speaking of fine tunes . . . in the afternoon.

Arrangements are in place for the afternoon show. There'll be plenty of music during the day, starting with the Air Cadet Band, the Legion Pipe Band and Grampa's Good time Band. We'll also have outstanding local talent: be sure to be there for Kim Inch and her daughter Bethany; the three fiddle-playing Found Brothers; Corey Keller on the piano; and Alex Hicks, Jennica Hammet, and Ashley Mitchell, with Wes Hicks and David Sunnucks.

More tunes . . . in the evening.

We're happy to report that the evening show will return to Mount Tabor this year, starting at 7:00 pm and finishing at 9:00 pm. The theatre will be bouncing to the music of Billy Ostrander and the Lakeshore Boys. You know how good that's going to be: don't miss it.

Music goes better with beef.

Is that true? You'll have a chance to find out, because we're bringing back the traditional supper before the show at Mount Tabor. Some fine-tuning here, too. Harley Guernsey will be offering a beef barbecue – but it will be at the fairgrounds, starting at 5:00 pm. You'll be able to en-

## Annual Mariners Memorial Service Set for Sunday, Aug. 8 at 2:00 P.M.

Larry Jenson on the Management Board of the Mariners' Park Museum and the organiser of our annual Mariners Memorial Service reminds us of the service will be held at South Bay United Church on Sunday, August 8, at 2:00 P.M.

The service includes songs of local interest by Suzanne Pasternak as well as tributes to departed mariners from our County. This service is a local tradition since at least 1926 and it and its setting is unique in the country. It is a reminder of an important aspect of our heritage as Canadians, the story of our nautical heritage on the Great Lakes.

Organizers would like to see a big turnout this year and we urge all of our friends and neighbours to attend. The service is followed by refreshments at the Museum
