

Yum...Pino Noir Grape Jelly - Your's for the Making

You Can 'Pick Your Own' Grapes at Half Moon Bay Winery

If you're in to making your own jams and jellies, you'll want to know that Brian Mitchell, owner of Half Moon Bay Winery on Long Point Road (3271 County Road 13, Picton, ON K0K 2T0) has invited those interested to come on over and pick your own fruit off the vines next to the buildings.

The pino noir fruit on the vines in this field won't be picked this year for wine-making and it's juicy and abundant.

But there isn't much time. The fruit is ripening past its prime quickly. If you want to take advantage of this offer, give Brian a call at 613-813-4643. The winery is open 11 a.m. to 5 p.m. Thursday through Monday until after Thanksgiving, then weekends only.

Brian Mitchell, owner of Half Moon Bay Winery

Farmland Easement Celebrated

Deborah and Don Hudson, surrounded by family and friends, celebrated the official easement of their two farms on County Road 13 at Black Creek on September 18. The Ontario Farmland Trust (OFT) easement ensures the 208-acres farmland will not be developed. The Hudson Farm is the first OFT easement in Prince Edward County. The easement also ensures natural habitats are protected, including those for many species at risk. With Deb and Don is Bernard Pope, OFT Board Chair, from Bass Lake, Ontario.

PRINCE EDWARD COUNTY
OSTEOPATHY
Feel better. Move better. Live better.

Osteopathy in the County

Osteopathy is a gentle, non-invasive manual therapy that treats patients as a whole, finding and addressing the root cause of the problem.

Osteopathy can treat ailments including back pain, shoulder pain, hip / knee pain, headaches, tennis / golf elbow and arthritis to name but a few.

- * I am a Manual Osteopathic Practitioner who gets excellent results with a holistic approach and personalized care.
- * I have been training and working in the Health and Wellness field for over 20 years.
- * I am passionate about working with individuals of all age to maximize vitality, and the freedom that comes from movement.
