

Restoration Started on Hudgin House & South Shore Clean-up Scheduled for Saturday morning, September 17 (Before Fair) - Volunteers Wanted

By Cheryl Anderson

Big news! Restoration has started on the Hudgin House.

The Pat Wolfe Log Building School arrived August 29 to begin work stabilizing the logs. The log stabilization is the first step in restoring the Hudgin House. Exterior and

Interior chinking of the logs will follow. The next step is installation of the windows. The windows have been constructed by Webwood Windows and Doors in Newton, ON (near Waterloo). The outside trim and gable renewal follows. You are invited to watch the restora-

tion process as we document it on the Hudgin House web page at ssji.ca/history_heritage_hudgin.

Hudgin House fund raising continues with the raffle of the Hand Made Cedar Canvas canoe by Dick Bird. The canoe is constructed of wood sourced from the County and nearby. It is 18 feet long and weighs 80 pounds which makes it perfect for long distance tripping or cottage use. The draw for the canoe will take place at the South Shore Joint Initiative Community Conference on October 1. Only 250 tickets will be sold at \$20 each.

The canoe and tickets will be at Gord and Janice Gibbins' Antique Auction on September 10 and at the Milford Fall Fair on September 17. Tickets may also be purchased online by e-transferring \$20 per ticket to southshoreji@gmail.com and sending your name, phone number and email address to cheryl.anderson@ssji.ca. A photo of your tickets will be emailed to you.

The second annual South

Shore Clean Up will be held on September 17 beginning at 8:30 a.m. Participants will help to clean up the roads and beaches of Ostrander Point Crown Land Block and Point Petre Provincial Wildlife Area. Activities are expected

to conclude in the morning so participants can attend the Milford Fall Fair.

Last year, almost 70 people volunteered collecting about 930 pounds of garbage.

"I found multiple tires, a sheet of plywood, a huge green tarp and several dropcloths," said Braydon Scully, who volunteered in
