**ABOUT ME**

I was fortunate, to discover the County over 20 years ago, through my spouse (and now also my business partner) and her family. My in-laws were fantastic tour guides, taking me all over...every backroad and hidden spot, introducing me to so many of the County's colourful characters. Their passion for the County was contagious! It's this passion that compelled me to seek office as councillor for South Marysburgh. I feel the County is at a critical juncture and that the decisions made over the next four years will shape our collective future. If elected I will listen to my constituents, make thoughtful/practical decisions, and work with fellow councillors to steer the County in the right direction. The County is a very special place, with your help I intend to preserve and enhance our beautiful home!
