*Happy New Year !!*

## Milford's Annual Community Christmas 2007 The Spirit of the Season

On December 12<sup>th</sup> families and friends gathered by the Christmas tree on the post office lawn to witness the lighting of the tree. We were reminded that Sherry had faithfully watered the tree when it was first planted 8 years ago.

This year's event included all the wonderful traditions of Christmas. There was carol singing, sleigh rides and special visitors. Santa Lucia arrived with delicious gingerbread cookies for young and old and Santa brought amazing blue and orange licorice treats. And who can forget that terrific cider to warm us up.

It is very exciting to see the tradition of the Milford Community Christmas grow. We are truly blessed to live in a community where there is such good will and traditions can thrive.

Thanks to all who brought food for the food bank!

A heartfelt thank-you to the following:

St. Phillips's Anglican Church  
The Milford Bistro  
Jackson Fall School House B&B  
Video Variables  
Black River Tree Service

See you next year, so mark your calendar!

## Dombrowsky announces funding for County transit

**McGuinty government pumps a share of gas tax revenue into local community transit**

PICTON — The McGuinty government is investing an additional \$37,500 in Prince Edward County's Specialized Transit Service to help improve transportation services for seniors and the disabled, Leona Dombrowsky, MPP for Prince Edward-Hastings, announced.

"Prince Edward County's Specialized Transit Service has been a real success story in its first year of operation," said Dombrowsky. "Our government is proud to support this important service by sharing a portion of provincial gas tax revenues."

Launched in the spring of this year, Prince Edward County's Specialized Transit Service provides door to door transit services to locations within Prince Edward County. In 2007, the Transit Service received \$28,000 in provincial gas tax funding. Dombrowsky announced today that the funding will rise to \$37,500 for 2008.
