## The Gospel According to Saint Mark

St. John's Anglican Church, Waupoos and St. Philip's Anglican Church, Milford invite you to a performance of *The Gospel According to Saint Mark*

The Saint Mark's Gospel will be performed in its entirety by one man at Mount Tabor Theatre in Milford on Easter Eve, March 22<sup>nd</sup> at 7:00 p.m..

Kingston actor Matthew Gibson, named by *The National Post* as one of the best actors of 2004, brings *The Gospel According to Saint Mark* to vivid life upon the stage. Gibson gives what is considered the oldest of the Gospels a dramatic two-hour solo performance, bringing the text alive through a unique blend of storytelling and theatricality.

The story of the life of Jesus Christ – independent of its central role in the Christian faith – is a remarkable tale that has captured the imagination of people of all ages, races, and creeds for millennia. Mark's gospel focuses on the major events of Jesus' adult life: his baptism, his ministry and miracles, and his eventual betrayal, crucifixion and resurrection. It is an enlightening, moving, and exciting account which highlights Jesus' humanity, his humour and his frustration, as well as his wis-

## Sustainable Living Symposium Expands to Accommodate Growing Interest!

On Saturday March 29th, 2008 nine partnering non-profit organizations will host the 3rd Annual Sustainable Living Symposium at Loyalist College in Belleville, Ontario.

The event began in 2006 and was held at the local HR Frink Outdoor Education Centre registering full at 100 participants. In 2007 the symposium sold out again at 225. Caroline Zawadzki, Symposium Coordinator says "The Symposium Planning Committee has been busy for months inviting speakers and exhibitors. The event has been so popular the past two years that we have expanded our sessions and increased our enrollments to 350 from last years 225."

The event features regional experts giving hands on advice and techniques about wind and solar power, straw bale building, hybrid vehicles, sustainable and local agriculture, environmentally friendly landscaping practices, eating and buying local, and much more. The event will feature new speakers, as well as a few returning speakers, and the always popular home tour! The home tour will visit a home recently featured on David Suzuki's Nature of Things Green Building episode.
