

## What are the odds of this happening?

A man is dining in a fancy restaurant and there is a gorgeous redhead sitting at the next table. He has been checking her out since he sat down, but lacks the nerve to talk with her.

Suddenly, she sneezes, and her glass eye comes flying out of its socket towards the man. He reflexively reaches out, grabs it out of the air, and hands it back. "Oh, I'm so sorry," the woman says as she pops her eye back in place. "Let me buy your dinner to make it up to you."

They enjoy a wonderful dinner together, and afterwards they go to the theatre followed by drinks. They talk, they laugh, she shares her deepest dreams and he shares his.

After paying for everything, she asks him if he would like to come to her place for breakfast in the morning. They had a wonderful, wonderful time.

The next morning, she cooks a gourmet meal with all the trimmings. The guy is amazed. Everything has been SO incredible.

"You know," he said, "you are the perfect woman. Are you this nice to every guy you meet?"

"No," she replies... "You just happened to catch my eye."
