It's a Bird, It's a Plane... It's a Fiddler on the Roof!!

It's spring musical time at Mount Tabor. To mark their 25th anniversary, the Marysburgh Mummies have spent the last two months developing "Fiddler on the Roof" for the stage.

"We have about 50 cast members and another 20 folks working behind the scenes to make this happen." says Director, Monica Alyea. "Carol Rutledge has pulled together the vocal music; Jim Freeland is organizing the accompaniment and Hilary (Fennell) Hunter is in charge of the dancing. Mix in Al Hazell for stage managing, Bruce Dowdell for the technical stage requirements, Dee Evans producing and this is a dream team. And the cast is amazing... very fast, very committed!"

It's a big production for the Tabor stage. It's a story of another culture – a small community with lots of "characters" but threatened with their loss of identity and traditions – making this story feel somewhat close to home.

Hicks General Store is scheduled to open April.1. They will have tickets so stop in for your gas, newspaper, milk, coffee, etc and get yours. The show runs April 16,17,18, 23,24,25.
