Announcement

For those who wish to sign the petition to the Legislative Assembly of Ontario asking that the Minister of the Environment revise the Green Energy Act (which allows wind turbine developments to bypass meaningful public input and municipal approvals) may contact me, Karen, at 613-399-3951 for a copy of the petition, to be returned to John R. O'Toole, MPP Durham, 75 King Street, Bowmanville, ON L1C1N4. The petition asks that the Act be changed to allow full public input and municipal approvals on all industrial wind farm developments and ask that a moratorium on wind development be declared until an independent, epidemiological study is completed into the health and environmental impacts of industrial wind turbines.
