

Riding in Memory of 6-year-old Griffin

(Continued from page 12)

killer of children from disease in Canada. Three young lives are lost every week and every two minutes a child is diagnosed with cancer around the world. My wife and I sometimes see these young children when we are at Princess Margaret Cancer Centre and Toronto Western where she's been receiving ongoing care for Stage 4 metastatic breast cancer. We're so grateful for the life saving research being done there and for the care & treatment she receives at UHN in Toronto and at BGH Oncology in Belleville. Hospitals like Toronto Sick Kids and CHEO in Ottawa are doing incredible work with children dealing with cancer. As any parent or grandparent like us would say...kids should be living life, not fighting for it . So I'm raising funds through my challenge to ride each

day all year long to help these kids and support Sick Kids Foundation . This helps them continue their work in developing treatments and finding a cure for childhood cancer. Please support me by making a donation to give these brave kids the brighter futures they deserve. Your support will change little lives. Thank you so much! #GriffinMyHeartForever #RidingForHeather #FightLikeAKid

Six-year-old Griffin Bell from Ottawa (June 26, 2017 - March 18, 2024)
