

Notes - Exhibit Number Three

1. The old photograph is mounted on a heavy cardboard photographic mount. Printed on the back of the mount is:

Henry & Norman
Photographers
Port Arthur Ont.

2. On the back of the heavy cardboard mount on which the old photograph is mounted, handwritten in ink, is 1884. As in the case of James Isbester Exhibit Number Two Volume 3 this 1884 is undoubtedly the year in which the old photograph was taken.

3. Other than being on J. Isbester's C.P.R. Contract the location of the site from where the old photograph was taken is not identified.

4. The second reproduction (d) appears to have been made from another old photograph which was almost identical to the old photograph (a). The source of this second old photograph is not known and consequently the source of reproduction (d) is also not known.
