

Notes - Exhibit Number Four

1. The old photograph is mounted on a heavy cardboard photographic mount. However, there is no name on the back of the photographic mount as was the case of the other J. Isbester's C.P.R. Contract photographs.
2. On the back of the heavy cardboard photographic mount on which the old photograph is mounted, handwritten in ink, is 1884. As in the case of James Isbester Exhibit Number Two Volume 3 this 1884 is undoubtedly the year in which the old photograph was taken.
3. As in the case of other old photographs of James Isbester's C.P.R. Contract which carry the date 1884 and which also carry the name Henry & Norman - Photographers - Port Arthur, Ont. it is highly probable that this old photograph was also taken by Henry & Norman.
4. Other than being on J. Isbester's C.P.R. Contract the location of the site from where the old photograph was taken is not identified.
