

JAMES ISBESTER

EXHIBIT NUMBER FIVE

VOLUME 3

! . This consists of the following:

(a). An old photograph which shows a partially constructed fill section being built up to carry the railway grade across a deep valley. The material being used to make the fill is broken rock from a rock cutting being excavated for the railway grade. On the left of the photograph is a partially erected timber trestle. Across the bottom of the old photograph can be seen the caption "Beaver Dam J. Isbester's C.P.R. Contract."

(b). A reproduction of the old photograph which has been enlarged in an attempt to assist in the identification of the site where the old photograph was taken.

(c). The 35 mm. negative from which the enlarged reproduction was printed.

September 2, 1990.

James E. Isbester.
