

At the regular morning service at Grand River Church last Sunday, Rev. Kenneth Welch welcomed Mrs. Lillian Stephens, Agincourt, Ont. as the special speaker. Also welcomed were the members of the musically talented Jonathan family of Ohsweken, Accompanied on the piano by Miss Debbie Jonathan, the misses Janet, Judy, Jean and Joyce sang in harmony, "Inside the Gate" "In the Upper Room," "Heaven Came Down," and "Houses and Lands." The girls were capably assisted by Mrs. Lawrence Jonathan.

Rev. Welch thanked them and made special mention of their fine contribution of song to the service.

Ohsweken Baptist Church

At a musical service of the Ohsweken Baptist Church on Sunday evening, Misses Barbara and Eleanor Davis of First Baptist Church, Brantford, sang a number of duos to guitar accompaniment.

The Jonathan family offered numbers in harmonious song to piano accompaniment by Miss Debbie Jonathan.

An interesting address followed by Rev. J. W. Files, pastor of Burtch Industrial Farm and former minister among the Indians at Kenora. Mr. Files illustrated his address on "the Kenora Indians" with coloured slides. Some slides showed evidence of poor housing and poverty, others showed advancement. There was also a question and answer period and some of the congregation asked some very pointed questions regarding their brethren of the north. The service closed with a benediction pronounced by Rev. T. Morikawa.

Six Nations Drama Club

The new Drama Club will be presenting their first evening of fun and entertainment on Friday and Saturday nights of Feb. 21 & 22, at the gym, New Central School, Ohsweken. The club will present two one-act plays "Beany's Private Eye" and "The Flattering Word." They'll be happy to see you there and we're anticipating these evenings of entertainment. There will be intermission and free refreshments. All for only - Adults \$1.00 and Students 75¢.

Ice Follies

If you haven't seen the Ice Follies, you haven't lived. The show rated the most beautiful in the world is a marvel of poise, charm, balance, rhythm and graceful gliding all set to specially orchestrated music. The entire program was three hours long with never a dull moment. Variety proceeded from the sublime to the comic.

Donald Jackson of Oshawa, world amateur and professional champion, was easily the star performer, the epitome of graceful skating, spectacular jumps, spins and fancy footwork and kept the audience spell bound. He is truly the "King of Blades." Handsome Richard Dwyer rates a close second and cuts a dashing figure in top hat and tails escorting beautiful lady skaters.

Brilliant and colorful costumes added to this spectacular show. Costumes ranged from floor-length and longer to hip-length and shorter.

Busloads came from far and near. It was amazing the number of children attending, all ages and sizes from toddlers to H.S. students in groups and singly escorted. It's truly an educational show in physical performance.

Ice Capades are coming to Kitchener at the end of the month and perhaps we can put a bug in the ear of the Recreation Commission to allow a busload or two of Indian school children to attend the Ice Capades at Kitchener. Figure skating is now a full-time, well-paid and healthy occupation with plenty of travel. Seeing the show may spark an ambition in a youngster to at least try. If Capades is half as good as the Follies it will be well worth seeing. Ed.
