Warriors Will Not Enter Team This Year - Feb. 17, 1969

Brantford Supertest Warriors announced today that they would not enter a team in the Ontario Lacrosse Association this year, under the present conditions.

In a signed statement released Monday, club officials listed three main reasons for their decision.

- The possibility of a professional team being formed in Brantford this year.
- An order from the OLA that any senior entry from Brantford must be in the "A" series.
- A problem in scheduling home games at the civic centre due to the possible overlapping of the hockey and lacrosse seasons.

The statement added: "The difficulties involved in recruiting players, promoting season tickets and program advertising sales, which are considered insurmountable at this time, has forced this decision." The statement was signed by Fred Conradi, Singe Ludlow and Ray Simpson.

The Warriors won the Canadian senior "B" championship in each of the last two years. They won three straight games from Naniamo Luckies in the 1967 final and took four straight from Nanaimo O'Keefe's last year.
