

## HOROSCOPE - JANUARY

## ARIES - March 21 - April 20

Your business prospects are good this month as long as you confine your operations to a sound, conservative course. Romance may seem radiant; but it is likely to be unreliable. Put your best foot forward in service and employment matters. Strive for better co-operation with your partners. Draft new projects in career areas and business concerns.

## TAURUS - April 21 - May 21

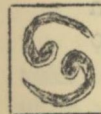

Let others take the initiative in career matters and make the decisions in business projects. Your best periods for financial moves come on the 21st and 28th. Before that you should perfect your plans and marshal your allies. Stress closer co-operation with your partners by setting a good example. Try to attract new people in social life and group activity and be charming.

## GEMINI - May 22 - June 21

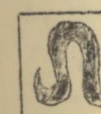

You may have a bright idea for improving joint money, but avoid any involvement with risky speculation. Research the possibilities of winning recognition with your creative and artistic efforts; shun conflicts with partners when your plans interfere with career duties. A short trip and joint activities make an excellent combination near end of month.

## CANCER - June 22 - July 22

Devote the major part of your efforts to partnership activities. A friend will be willing to help you draft new plans for family security. If yours is a business partnership, confer with your partner concerning new financial arrangements. You may have a bright idea for increasing the value of your residence. Promote new vocational projects at work towards the end of the month.

## LEO - July 23 - August 23

Developments on the 4th and 7th should make it easy for you to finalize plans for improving your position. Do not hesitate to ask for help from your friends. Exer-

cise caution in dealings with people in authority. Your earning ability might be stepped up if you demonstrate your interest in work you are doing. Do not make financial decisions on the 30th, or engage in speculation then.

## VIRGO - August 24 - September 23

Concentrate your efforts on creative projects. Investigate your prospects at work and promote endeavors to increase your earning ability. Side-step petty squabbles among fellow workers and take steps to improve relations with those in authority. Strive to create more meaningful relations with partners.

## LIBRA - September 24 - October 23

Projects in your home environment are prominent this month; friends and family kin might have a surprise for you. Make an accounting of your expenses, set up a payment schedule so that you can settle all obligations at the earliest possible date. Control a tendency to purchase nonessentials. Do not hesitate to ask for the help you require from your friends. Be bold.

## SCORPIO - October 24 - November 22

Partnership matters and joint activities are accented; you may find that problems in your home become a source of conflict. Friendships and business make a good combination. Attend to routine chores in career interests, but be ready to take the initiative in professional items. Enjoy social life and attract friends who can help you. Mix business and pleasure.

## SAGITTARIUS - November 23 - December 21

Partnership and financial matters claim most of your attention. Settle your outstanding obligations so that you can start the new year with an unsullied credit record. Decline social invitations and avoid minor unpleasantness because costs might be prohibitive. Friendship and social activities are favored. Enjoy life.
