SPORTS - Cont'd from page 11.....

Smoothtown - speedways in Ontario.....

The derby season starts in May each year and in 1972 Allan placed fifth at the Delaware Speedway near London. According to him this was not so good but considering it was his first year it was not so bad either.

During the 1973 runnings Allan and his three-man pit crew were able to climb the ladder a little and came in second at the Tivitdale Speedway on July 28th.

The mechanics in Allan's pit crew include Ronnie Maracle, Irving Maracle and Ernie White. With these three able-bodied machine brains Allan is quite likely to place first during the '74 season and I'm sure we all wish him the best.
