Sports in Brief

the Jets had an early 4-0 lead in the fourth inning. The Puffs scored three runs in the sixth and three in the seventh to put them ahead 6-4. The Jets managed to get one more run in the last inning but with the game at stake and already having lost one game the Puffballs proved their playing ability with one of their fantastic finales they like to put on every once-in-while.

Jimmy Lickers was the winning pitcher for the Puffs and Darby Thomas the losing pitcher for the Jets.

Errors in this game can account for most of the runs by both teams.

The Smoothtown Cubs waltzed away with a 8-1 win against 69 Corners. (69 Corners is the Leagues' only expansion team) in the second game of the evening.

The Cubs took an early lead with 8 runs by the fourth inning. 69 C. scored their only run in the fourth.

Arnie General 69's Bobby Richardson for the night was out past his bedtime or so it would seem the way he kept trying to sneak in 40 winks every now and then. With a team like the Cubs given the right circumstances even a blink can be dangerous for the opposing team.

George Montour and Clarence J. shared the pitching for the winners Wayne Clause and Ray Hill were the losing pitcher for the 69 team.

OHSWEKEN - JUNE 13, 1973

The first game of the night was played between the Smoothtown Cubs and the B.C. Jets. The Cubs had no competition this game which can be seen by the 15-6 win over the Jets.

Hughie Montour started off the slaughter by getting on base. Darby and the Jets somehow managed to let the bases get loaded which was a mistake, because with a slugger like Frank anythings liable to happen.
