

Fire (cont'd)

before being discovered. Children spotted the blaze and firemen were called about 5 P.M. Mr. Hill was at the Batavia N.Y. racing circuit at the time of the fire. Damage was estimated at \$25,000.

Someone called "Wolf, Wolf" (by W. J.)

The volunteer firemen responded to a fire alarm on cold Saturday morning last at 3 A.M. only to find it was a false alarm.

The crude joker probably is unaware of this dangerous prank classed as "public mischief". The joke can back-fire.

Remember the fable of the Shepherd boy who called "wolf, wolf" when there was none? When the wolf actually did come, his "wolf, wolf" call went unheeded.

There has been a rash of crank calls going the rounds of late, so be warned, "Satan still has work for idle hands to do."

Brainerd Indian School (by Donald John)

Brainerd School is located ten miles south of Hot Springs, South Dakota. I'm glad for Brainerd School and for her praying staff. This school was started around 1948, by a white man who cared enough for the Red Man. He spent hours in prayer out on the hills praying for the Red Man. Through the years, the Lord has graciously helped. To-day Brainerd school has some eighty students - with about 9 indian people studying for the ministry. There are now 27 Indian Missionaries from Brainerd Indian School.

Devotional (by Rev. Donald John)

Our Bible verse for this week is : "If my people which are called by my name, shall humble themselves and pray" 11 Chronicles 7:14.

This means every person that calls himself a Christian, ought to carry a deeper concern for a dying world. Christians are to be a living example to the non-Christians. The Bible says: "come out from among them and be ye separate - saith the Lord, and touch not the unclean thing." To see a great revival in this age, we need professing Christians to get on fire for God. Membership is not enough.

The people of the church of Ephesus lost their first love for the Lord. The Devil robbed them of what they had. The Devil said the world is big and you're all right. The Devil has many people thinking that today. The Devil is glad if Christians are not on fire. You'll be all out in a little while.
