

From far and wide

Among those grads in attendance at this year's reunion were many who travelled a great distance to join the celebration. Three grads travelled from California: *Dick Callahan* (BA '62) of Moraga; *Jim Mitchell* (BSc '66) of Los Altos; and *Nick Andrusyshyn* (BSc '66) of Oakland. *John Koester* (BA '67) of Belair, Maryland was also among the U.S. contingent.

Back in Canada, *Pat O'Neil* (BA '67) of Halifax, Nova Scotia, and *Bill Godfrey* (BA '63) of Sackville, New Brunswick, travelled the greatest distance. The majority of graduates came from over 30 different cities throughout Ontario.

Silver Memories A display of memorabilia from days gone by, including everything from athletic team sweaters and residence floor shirts to photographs, pennants and plaques provided diverse aspects of life in residence. It was a popular attraction throughout the weekend. Thanks to all those who loaned us their memorabilia. We encourage others to do so next year. A slide show depicting College life over the past 25 years played continuously alongside the display.

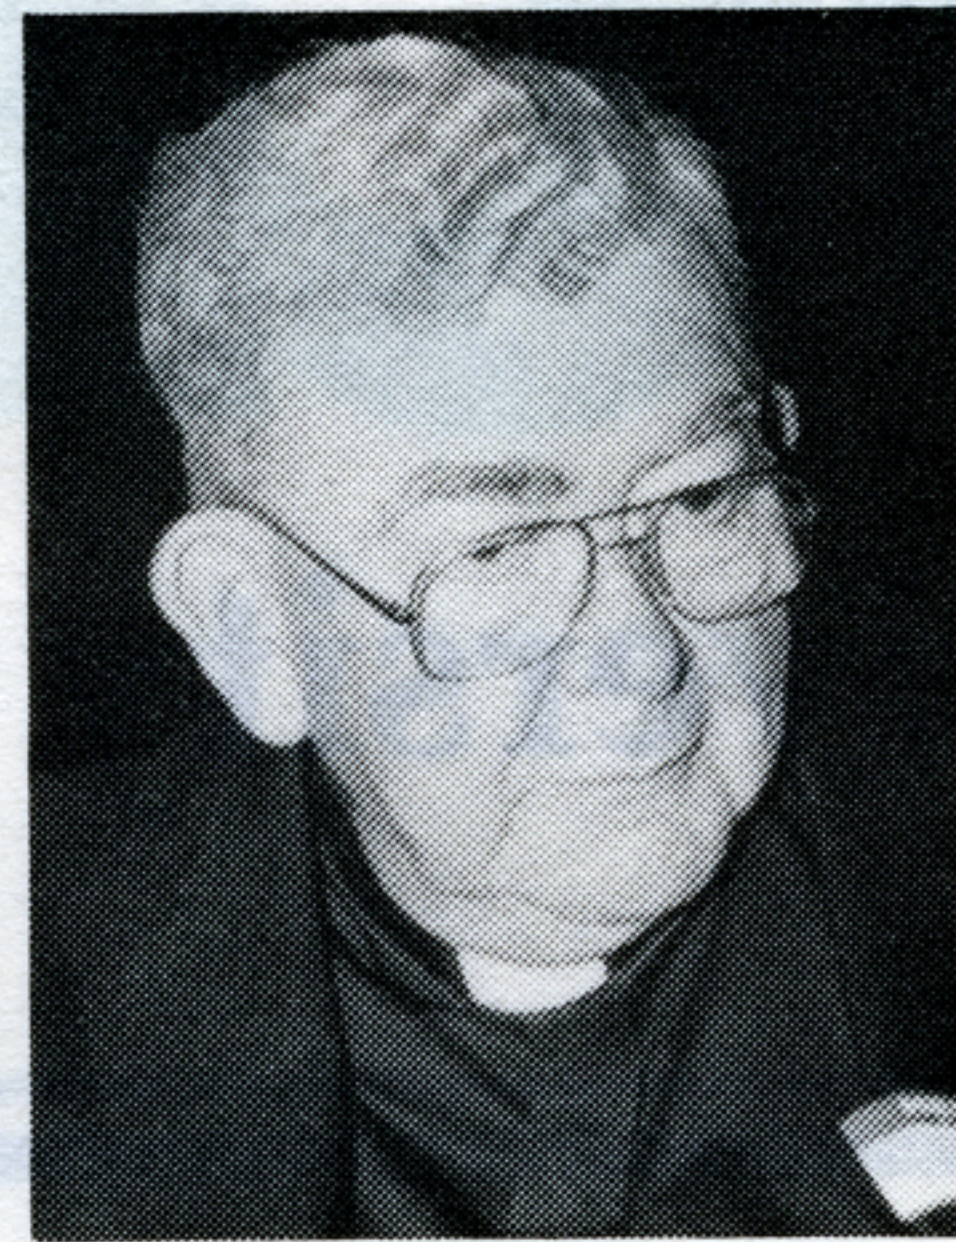

"I can't figure this game out, let's ask the kids. Better yet, maybe we should register at St. Jerome's again!" *Ken Predovich* (BA '69) and *John Morris* (BA '69) explore the complexities of computer games.
