PORCUPINE HAS FIRST LOSS TO NEW LISKEARD

Creamery Town Got Decision Saturday Night, 4 to 3 in Lively Game.

New Liskeard won the game here Saturday evening against the Porcupine team in the N.O.H.A. Senior series, the score being 4 to 3. The rink, though enlarged and extended last week, with a bigger ice surface, and extra room added for reserved seats, was packed for the occasion, over 1300 witnessing the game. The Timmins' Citizens Band furnished the best of music during the evening. The enlarged and improved penalty box was another special feature.

The game seemed to be Porcupine's from the start. New Liskeard spectators wanted odds of 3 to 1 in the afternoon and were not anxious at that. The first period was Porcupine's without question; the second would generally be considered as with the Porcupine; but some think Liskeard won in the last period. Others, however, consider that the "breaks" went against Porcupine and that the general refereeing worked against the local team. In any case it seems certain that no one man can handle a game like Saturday's to the satisfaction of the crowd. There should be a judge of play in such games. Liskeard got the goal from a direct off-side, while one or more others may have directly or indirectly resulted from the common practice of off-side playing by the Liskeard team. Thompson, for instance, makes a specialty of off-side work. It is practically impossible for a team to win against this off-side stuff. A judge of play would stop it, like he did at the Falls Monday night. It may be true that Porcupine would have fared better if the team had used more combination work and back checking, but at the same time many will persist in the opinion that with a judge of play, or perhaps a different referee, Porcupine would have won Saturday evening.

The teams lined up as follows:
Porcupine New Liskeard
Worters.....goal..... Britton
Spring.....defence..... Epplet
Cox.....defence..... Montgomery
McGuire.....centre..... Burns
McCurry.....left..... Spence
Campbell.....right..... Thompson
Lafrenier.....spare..... Hogg
Parker.....spare..... Simms

The game throughout was a fast one, with the play even, and interest very keen in the big crowds which included a number of Liskeard rooters. The first period opened with a rush by McGuire. He got through the defence but Britton made a good save. Spence then twice got down the ice, but could not score either time. Spring handled Montgomery who made a couple of trips down the ice. McGuire made some fine rushes down the ice but in one of his promising rushes was tripped by Epplet who went off. After eight minutes of play Cox and McCurry got the puck along and the latter scored the first of the game on a pass from Oscar. Further shots were peppered on the Liskeard goal but all were saved. After a hot one that Worters saved, Thompson in a second rush landed Liskeard's first

count. In a clever corkscrew rush in the opening of the second period McGuire went through the New Liskeard bunch and scored. Thompson evened the Lafrenier missed a clear net, but redeemed this shortly after by combination work with Dixie Cox that put Porcupine again in the lead. Epplet and Thompson, however, got in the third goal for Liskeard again evening the score. In this period Spring and McCurry repeatedly took the puck down and would have scored if they had the support at the minute it was needed.

In the third period Hogg scored after five minutes of play. Spring was put off for what appeared a legitimate fair body check, and the Porcupine net was repeatedly rushed, but without further scoring. Despite strenuous efforts, Porcupine could not reduce the lead and the game ended with the score, Liskeard 4, Porcupine 3.

For the visitors, Thompson and Epplet starred, with Britton doing very effective work in the nets. For Porcupine, McGuire, Spring, McCurry, and Cox played great games, working hard and effectively. Worters did good work as usual in the nets. A visitor from Toronto who saw the game said: "It's a lot faster amateur hockey than you see in the south."

TEMISKAMING G. W. V. A.

ENDORSE MINING CLAIMS

The Temiskaming G. W. V. A. among the bodies going to support, earnestly in favour of the proposed establishment of a mining court to take care of the work of the present mining commissioner and also to take into account in regard to patented mining claims. At present Mining Commissioner Godson has no authority to deal with unpatented mining claims and there has been a general feeling that to have this jurisdiction extended to mining disputes in general. According to "The Northern Miner" the Veterans of Cobalt and district have a special interest in the question of them being holders of mining claims that have been patented. They want the same economical means of justice and the same ready fair play in regard to these patented claims that they have always been able to secure in regard to unpatented claims from Commissioner Godson. One Veteran referring to Commissioner Godson put it this way: "He administers a simple kind of justice. A man can go into his court with his high boots on and without a lawyer and get justice at the minimum of cost from a man who certainly knows the Mining Act and all that it is intended to mean. But he can only deal now with unpatented claims; and hundreds of soldiers have their claims patented or are working to get title, and in case of dispute we want to feel that we can get the same simple, inexpensive justice that we now get on unpatented claims."

An Act is to be submitted at the coming session of the Legislature to create a Mining Court to have jurisdiction over all mining disputes on patented or unpatented claims. This seems to be the best plan. Mining disputes are so much a matter of questions of mining law and technicalities regarding mining that to most minds separate and special court seems absolutely necessary. Mining Commissioner Godson has shown such an aptitude for the work and has given such general satisfaction and won the confidence and esteem of all concerned that a Mining Court with Commissioner Godson as the presiding Judge seems the logical solution of the question.

Mr. Marty Wright and nephew, of Haileybury, reported last week as lost in the Maple Mountain district and who were thought to be dead, turned up all O.K. last week at Haileybury. They had been delayed at their claims for the Christmas holiday season, and of course being out of touch with other people where they were unacquainted with the anxiety caused by their absence.

NEW LISKEARD DEFEATED BY BIG SCORE AT FALLS

Papermakers Trim Farmers To The Tune of 7 to 1.

Saturday evening Iroquois Falls defeated Haileybury in the N.O.H.A. series by the score of 7 to 1, and Monday evening they did the same to New Liskeard. When the word reached Timmins of the defeat of the Liskeard team by the score of 7 to 1, many here could not understand the situation though practically everybody here was delighted, as the Falls boys have proved themselves good sports and deserve a win, while the result also makes the situation much more interesting for all the teams. To others the explanation is not so difficult. Iroquois Falls has a first-class team that plays hockey. New Liskeard depends too much on off-side play, and with a judge of play they could not get away with their off-side stuff. Reports from the Falls also suggest that they attempted to use rough stuff when the battle was going against them, and they could not get away with this either. At one time the Liskeard team had only four men on the ice. The hard game here on Saturday night also no doubt had its effect on the visitors. According to all accounts it was a very fast game and the best team won, won by combination work, good stick handling, deadly shots and steady checking. Iroquois Falls had been warned not to depend on Ross alone as referee, and so with a judge of play they did not have the disadvantage of Porcupine Saturday night of off-sides and other things being overlooked.

The following was the line-up:
Iroquois Falls New Liskeard
Corbould.....goal..... Britton
Brydge.....defence..... Montgomery
Bennett.....defence..... Epplet
Campbell.....right..... Thompson
Boucher.....centre..... Hogg
Johat.....left..... Burns
Hickey.....spare..... Grills
Ross.....spare..... Spence
Referee—Ross, Cobalt. Judge of Play—W. Giroux.

The one goal for Liskeard was scored by Thompson, while between them, Johat, Boucher, Bennett and Ross were the scorers of the seven for the Falls.

Mr. Homer Sutcliffe, of New Liskeard, was a visitor to Timmins over the week-end.
