## Timmins News in Brief

The Dome directors visited the Camp last week and spent a few days at the big property near South End.

Mrs. D. Laprairie is taking special hospital treatment in North Bay and her many friends will sincerely wish that an early and complete recovery will be the result.

The hockey fans in town appreciated very much the service given by the Hamilton B. Wills Co. in having a full report of the New Liskeard-Porcupine game come over the wire on Monday night.

The latest in hockey challenges is a 'old deft from the Firemen to play the Bankers in a sudden death game. The Firemen claim to have only one hockey player yet maintain that they can put out the cash handlers leaving only the foundations and the lots.

Mr. Philip Thompson, who is one of the well-known and highly-esteemed old timers of the Porcupine, leaves tomorrow for Oshawa, Ont., where he will reside in future. The good wishes of his many friends here will follow him to his new home.

Mr. Bill Boucher, one of the well-known hockey stars of Iroquois Falls, returned this week to the Falls after a visit to Ottawa where he was on the forward line in a marriage event. He brought his bride back to the Falls this week. Friends here will extend good wishes, and in the next game or two the boys here promise to deal gently with him.

Dr. Grant, of Toronto, one evening last week delivered an address in connection with the campaign to restrict further the importation of liquor into the Province. The address was given in the Presbyterian church and there was a crowd of between 36 and 40 present. Dr. Grant's address made a very favourable impression. He confined himself to fair argument and the presentation of what he considered were facts regarding the use and abuse of alcohol. Several who heard the address commented on the fairness and moderation of the speaker and the courteous and broadminded way in which he presented his case. He is a medical doctor now in Toronto and has had a wide experience here and overseas.

Mr. and Mrs. F. M. Burke are in Toronto this week, Mrs. Burke having to go to the city for hospital treatment. All will wish her a speedy and complete recovery.

The Caledonian Society of Timmins, have a very attractive programme prepared for the Burns Night to be held in the Masonic Hall on January 25th, Tuesday evening next.

The Hollinger directors were in town last week and spent a few days at the property. Some of them were also interested spectators at the lively hockey game on Friday evening between the Mines and the Town teams.

The Columbus Club of Timmins have arranged for a banquet for the members of the Club in King's Hall, on Thursday evening, Feb. 3rd.

A resolution was passed at the annual meeting of the New Liskeard Board of Trade last week requesting the Government to erect a district jail for Temiskaming.

A Citizens' Banquet is to be given in North Bay tomorrow (Thursday) night in honour of Mr. Geo. W. Lee, recently appointed as Chairman of the T. & N. O. Railway Commission. Premier Drury has been invited to the banquet and has promised to be present, or to have a representative attend in case he cannot come himself.

The North Land is most hospitable to simple strangers. All the time the three balloonists were up in this country the weather was mild and without a single storm. And the beauty of it is that the three airmen can talk in the south as if the weather was as cold as it was on Monday of this week for instance.

"You can tell The Pas Herald that the cold in the Pas, Manitoba, has nothing on the cold in the Porcupine," said an explosive citizen last week. "The Pas Herald tells about telegram received there with ice on the words. That is only a frost. Up in the Porcupine, however, it does get cold at times. Sunday evening, for instance, a man put a pot of boiling water outside for just a minute. The water froze solid almost instantly. Indeed the water froze so quickly that it was still hot though frozen solid."
