**MAKING KAPUSKASING
A FULL FLEDGED TOWN**

Premier Introduces Bill to Incorporate New Northern Paper Town And Provide It With Sewers, Waterworks, Etc.

Last week Premier Drury introduced the bill to the Legislature to incorporate the Town of Kapuskasing and make it a regular honest-to-goodness municipality. Kapuskasing is the promising new pulp and paper town of the far north, being located near what during the war was a detention camp for alien enemies and after the war was planned to become a soldier settlement where returned men would take up farming. From people who knew little about the possibilities of the country there was a great outcry that the district was not suitable for soldiers' settlement, and eventually the Farmers' Government discontinued the plan of soldiers' settlement at Kapuskasing. For the reflections cast on the possibilities of the country, the climate, etc., Cochrane fanned an undying hatred against the Farmers' Government until that Government turned a listening ear to the matter of building the T. & N. O. extension north of Cochrane. Then all was forgiven. In the mean time the possibilities of the Kapuskasing district in regard to pulp resources came to the notice of capitalists interested and the attention of the Premier was secured in regard to the possibilities along this line. The Spruce Falls Pulp & Paper Company was formed and started operations with the blessing of the Government. The Premier has taken a special interest from the beginning in Kapuskasing and apparently intends to make it a monument to his reign, just like Friend Sylvester Kennedy did with that fine new public school at South Porcupine. The Premier has paid two or three special personal visits to Kapuskasing and as a consequence the place has been flourishing like a cling-stone peach tree. The population now is several hundred, there are several thriving stores, some of them conducted by former Porcupine pioneers, and every

thing is set with the signs reading "Go Ahead!" "Watch our smoke!" and so forth. Kapuskasing has electric lights already, intends to have an incinerator, and is to be town-planned and efficiency-experted from the start. The Premier's bill provides for the expenditure of \$400,000.00 on lands and houses, and \$100,000.00 for sewers, waterworks and other improvements. The Government is to go security for loans to the new town, taking the municipal bonds to be issued by the new council of the new town. This first council is named as follows:—Mayor W. K. Kolb; Councilors, W. C. McNaughton, J. A. Stewart, E. W. Hardman, Douglas Stewart, W. W. Mills, and C. F. A. Lair.

It is understood that the new town will be called "Spruce Falls" instead of Kapuskasing.

**LADIES OF TOWN ASSIST
PUBLIC HEALTH NURSE**

The ladies of the town have formed a committee to assist the Public Health Nurse, Miss Lowe, in the good work this competent official is carrying on in the town for the public health. The committee includes representatives from all the churches in town and from the Jewish Ladies Society of Timmins. The following is the committee as recently organized:—President, Mrs. J. A. McInnis; Secretary, Mrs. Sampson; Treasurer, Mrs. Digby Grimston; Mrs. L. E. Dorway, Mrs. W. F. Richardson, Mrs. Alexander, Mrs. W. H. Pritchard, Mrs. G. S. Lowe, Mrs. Brovender, Mrs. H. Charlebois, Mrs. A. F. Carriere, Mrs. Lilly.

**TEMISKAMING GRANITE
INDUSTRY NOW UNDER WAY**

Perhaps the results of the hockey season may have had some effect, but in any case New Liskeard people have recently turned their minds to thoughts of the making of tombstones. The Silica Granite Products Company has been incorporated for the manufacture and sale of granite products. In addition to tombstones, pillars, blocks, corner stones, etc., and so on, will be made, while there will be no waste material broken pieces and granite dust being utilized

for the manufacture of poultry grit, cleaners, pumice, sand paper, marble cleaner, etc., etc. The company has 162 acres in Henwood Township, about 18 miles from New Liskeard. The property contains many millions of tons of granite, which, according to the Provincial Assay Office, is suitable for the manufacture of all granite articles. According to many the New Liskeard granite is about equal in quality to the famous Scottish granite now such a high price. The company has installed a \$20,000 plant and at present has 7 men steady at work. In the spring it is intended to increase this force to about 30.

able for the manufacture of all granite articles. According to many the New Liskeard granite is about equal in quality to the famous Scottish granite now such a high price.
